

CNM3KA

Solvent wiping:

Gekatex solvent wipes are specially designed for degreasing and cleaning. Our wipes are extremely resistant to the most aggressive solvents. They are durable and highly absorbent to ensure fast drying in your process without lint, effort, extra cost and time.

CNM3KA has been specially developed to meet the requirements of AMS 3819 revision D, in order to ensure users a perfect compatibility with the treated surfaces while minimizing as much as possible the risks of cross-contamination (particulate and chemical).
